

# Sound Track List Creation Instructions:

When creating a sound track list:

- Use only sounds the student has been taught.
- Make sure the vowel is in the lightly shaded box.
- Add or remove ONLY one sound at a time. Bubble in the dot of the sound that changed.

Using the list:

- Read the 1<sup>st</sup> word/nonsense word – Say “Bring down first word.”
- Then say “If that says ‘current word’ make it say ‘next word’.”
- The sound that has changed will leave and the new sound will enter.
  - Example: “Bring down ‘ip’”. If that says ‘ip’ make it say ‘fip’.
